

## TARC Tripundra in New Delhi is an Epitome of Luxury Lifestyle

Established amidst the vibrant environment of New Delhi, TARC Tripundra exemplifies opulent lifestyles by seamlessly merging contemporary design principles with India's abundant cultural legacy. Presently under construction, this undertaking offers residents an exceptional standard of living and accessibility to renowned academic institutions, upscale retail establishments, and fine dining establishments.

*By providing residents with adaptable design choices and configurable floor plans, TARC Tripundra enables them to incorporate elements of Indian culture into their living areas while also achieving a contemporary and airy ambiance.*

A variety of cutting-edge amenities adorn the project, which serves as a haven of refinement. A world-class fitness centre, a yoga centre for tranquilly, and a luxurious sauna and leisure are available to residents for use as well. The leisure and amusement amenities provided by the development include a tranquil urban river landscape, an amphitheatre, tennis and squash facilities, and an opportunity to enjoy both leisurely and energetic pursuits.

Aligned with a commitment to environmentally conscious practises, the TARC Tripundra incorporates sustainable elements such as solar panels and rainwater harvesting. Constant surveillance and access control systems guarantee residents' peace of mind by demonstrating that security and privacy are of the utmost importance.
