

INDEPENDENT AUDITORS' REPORT

To the Members of Fabulous Builders Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Fabulous Builders Private Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2021, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss, including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of Financials Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2014, as amended from time to time.
 - (e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Financial Statements and the operating effectiveness of such controls, refer to our separate report in "Annexure B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, no remuneration was paid by the Company to its directors during the year.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. There are no pending litigations requiring disclosure of its impact on its financial position in its financial statement.
 - ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of the Company of even date)

- i. a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets.
b) The Company has a regular program of physical verification of its fixed assets by which fixed assets are verified annually. In our opinion, this periodicity of physical verification is reasonable having regards to the size of company and the nature of its assets.
c) According to the information and explanations given to us, the records examined by us and based on the examination of conveyance deed / registered sale deeds provided to us, we report that, the title deeds are held in the name of the Company as at the balance sheet date.
- ii. The Company does not have any inventory. Accordingly, paragraph 3 (ii) of the order is not applicable.
- iii. In our opinion and according to information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Act.
- iv. In our opinion and according to information and explanation given to us, the Company has not granted any loans or provided any guarantees or given any security or made any investments to which the provision of section 185 and 186 of the Companies Act, 2013 are applicable during the year. Accordingly, paragraph 3 (iv) of the order is not applicable.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits during the year and does not have any unclaimed deposits as at 31 March 2021 from the public as mentioned in the provisions of Section 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3 (v) of the order is not applicable.
- vi. In our opinion and according to the information and explanations given to us, the maintenance of cost records under section 148 of the Act is not applicable to the Company. Accordingly, paragraph 3 (vi) of the order is not applicable.
- vii.(a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, Income Tax and other applicable material undisputed statutory dues have generally been deposited regularly during the year with the appropriate authorities and there are no arrears of outstanding statutory dues as at the last day of the financial year concerned, for a period of more than six months from the date they became payable.
(b) According to the information and explanations given to us, there are no dues of Income Tax and other applicable material statutory dues which have not been deposited as on March 31, 2021 on account of any dispute.
- viii. The Company does not have any loan or borrowings from any financial institution, banks or government. The Company has not issued any debentures during the year. Accordingly, paragraph 3(viii) of the Order is not applicable.
- ix. According to the information and explanations given to us, the Company has not raised any money by way of initial public offer, further public offer, debt instrument or term loans during the year and hence reporting under clause 3 (ix) of the Order is not applicable to the Company.
- x. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. According to the information and explanations given to us, no managerial remuneration has been paid or provided during the year.

- xii. According to the information and explanations given to us, the Company is not a Nidhi Company as prescribed under Section 406 of the Act. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us, all transactions with the related parties are in compliance with Section 177 and 188 of Act, where applicable and the details have been disclosed in the notes to the Financial Statements as required by the applicable Indian accounting standards.
- xiv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- xvi. According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

Annexure 2 to the Independent Auditor's Report

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of the Company of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Fabulous Builders Private Limited** ("the Company") as of 31 March 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these Financial Statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting with reference to these Financial Statements includes those policies and procedures that:

- (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Company; and
- (c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Financial Statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these Financial Statements and such internal financial controls over financial reporting with reference to these Financial Statements were operating effectively as at 31 March 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

1 Corporate Information

Fabulous Builders Private Limited is a private Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is a subsidiary of TARC Limited (*formerly known as Anant Raj Global Limited*)*, and engaged in the business of real estate.

*Refer Note No :-12 & 13.

2 Significant Accounting Policies

a) Basis for preparation of financial statement:

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), as applicable to the financial statements.

The financial statements have been prepared on a going concern basis in accordance with accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except for certain financial assets and financial liabilities which are measured at fair values as explained in relevant accounting policies.

The financial statements are presented in Indian Rupees, except when otherwise indicated.

b) Financial instruments

Initial recognition and measurement:

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Liabilities carried at ammortized cost

Subsequent to initial recognition, these liabilities are measured at ammortized cost using the effective interest method. These liabilities include borrowings.

Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition in accordance with Ind AS 109 "Financial Instruments" issued by the Ministry of Corporate Affairs, Government of India. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

Impairment of Financial Assets

Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

c) Income tax

Current Income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date and generates taxable income.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

d) Recognition of revenue and expenditure

Income and expenditure are accounted for on accrual basis.

e) Cash flow statement

Cash flows are reported using indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

f) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value.

g) Provisions and contingencies

Provisions are recognized only when there is a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of obligation can be made at the reporting date. Provisions are discounted to their present values, where the time value of money is material, using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

h) Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

i) Current versus non current classification

The Company presents its assets and liabilities in the financial statements based on current and non-current classification.

An asset is treated as current when it is:

- (i) Expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle.
- (ii) Held primarily for the purpose of being traded;
- (iii) Expected to be realised within twelve month after the reporting date; or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

The Company classifies all other assets as non-current.

A liability is current when it is:

- (i) It is expected to be settled in the Company's normal operating cycle;
- (ii) It is held primarily for the purpose of being traded;
- (iii) It is due to be settled within twelve months after the reporting date; or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

The Company classifies all other liabilities as non-current.

j) Earnings per share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

k) Fair value measurement

The Company measures financial instruments such as derivative instruments etc at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration. Involvement of external valuers is decided upon annually by the management. Valuers are selected based on market knowledge, reputation, independence and whether professional standards are maintained. Fair value disclosure of Investment Properties are based on management own assessment relying upon various parameters.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for valuation methods, significant estimates and assumptions
- Quantitative disclosures of fair value measurement hierarchy
- Investment in unquoted equity shares
- Investment properties
- Financial instruments

12 SCHEME OF ARRANGEMENT

A composite scheme of Arrangement between Anant Raj Agencies Private Limited (Amalgamating Company), Anant Raj Limited (Amalgamated Company/Demerged Company) and Anant Raj Global Limited (Resulting Company) [Presently Known as TARC Limited] was approved by the Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT) on August 24,2020.

The appointed date for the Scheme was September 30, 2018.

In accordance with the Scheme, all assets and liabilities of Project Division of the Demerged Company stand transferred to the Resulting Company from the Appointed Date. Demerged Company and Resulting Company have given effect to Scheme with effect from September 30, 2018.

To give effect of the scheme sanctioned by NCLT in books of accounts of the Company, all Assets, Liabilities and Share capital held by Demerged Company stand transferred to Resulting Company and Company become wholly owned subsidiary company of Resulting Company.

13 The name of Anant Raj Global Limited, the holding company has been changed to TARC Limited w.e.f April 19, 2021.

14 Contingent Liability

The Company does not have any contingent liability during the year .

15 Segment Reporting

In line with the provisions of IND AS 108 - Operating segments and on the basis of review of operations being done by the management of the Company , the operations of the company falls under real estate business , which is considered to be the only reportable segment by the management.

16 Auditors' Remuneration

Particulars	Amount in Rs.	
	For the year ended March 31, 2021	For the year ended March 31, 2020
Audit Fees	8,850	8,850
Total	8,850	8,850

17 The Company continues to monitor the impact of COVID 19 on its business including its impact on customers, supply chain etc. Due care has been exercised in concluding on significant accounting judgement and estimates including in relation to recoverability of receivables, inventory and other financial assets based on information available to date while preparing the Company's financial statement for the year ended March 31, 2021.

18 Financial Instruments

ii. Financial liabilities		
Financial liabilities at amortised cost		
Current	10,685,000	10,685,000
Borrowings	99,650	72,818
Other financial liabilities	10,784,650	10,757,818
Total		

b. Fair values hierarchy

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

The following is the basis of categorising the financial instruments measured at fair value into Level 1 to Level 3:

Level 1: This level includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs).

Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Trade receivables, cash & cash equivalents, other bank balances, loans, other current financial assets, trade payables and other current financial liabilities: Approximate their carrying amounts largely due to short-term maturities of these instruments.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of all the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of the financial instruments subsequent to the respective reporting dates may be different from the amounts reported at each year end.

Fair value of financial assets and liabilities measured at amortised cost

Particulars	As at March 31, 2021		As at March 31, 2020	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
i. Financial Assets				
Financial assets at amortised cost				
Current				
Cash and cash equivalents	29,942	29,942	30,591	30,591
Total	29,942	29,942	30,591	30,591
ii. Financial liabilities				
Financial liabilities at amortised cost				
Current				
Borrowings	10,685,000	10,685,000	10,685,000	10,685,000
Other financial liabilities	99,650	99,650	72,818	72,818
Total	10,784,650	10,784,650	10,757,818	10,757,818

For short term financial assets and liabilities carried at amortized cost. The carrying value is reasonable approximation of fair value.

19 Financial Risk Management Objectives And Policies

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors is responsible for overseeing the Company's risk assessment and management policies and processes.

The Company's financial risk management policy is set by the management. Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. The Company manages market risk which evaluates and exercises independent control over the entire process of market risk management. The management recommend risk management objectives and policies, which are approved by Senior Management.

Risk management

a. Credit Risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Company. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, other bank balance and financial assets measured at amortised cost. The Company continuously monitors defaults of counterparties and incorporates this information into its credit risk controls.

Credit risk rating

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets.

A: Low credit risk on financial reporting date

B: Moderate Credit Risk

C: High credit risk

The Company provides for expected credit loss based on the following:

Credit risk	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents	12 month expected credit loss
Moderate credit risk	Other financial assets	Life time expected credit loss or 12 month expected

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in the statement of profit and loss.

Credit Rating	Amount in Rs.	
	As at March 31, 2021	As at March 31, 2020
Low credit risk	29,942	30,591
Moderate credit risk	-	-
	<u>29,942</u>	<u>30,591</u>

Credit risk exposure

The Company do not expect any credit loss as under:

As at March 31, 2021

Particulars	Estimated gross Carrying amount at default	Expected credit losses	Amount in Rs.
			Carrying amount net of impairment provision
Cash and cash equivalents	29,942	-	29,942
	29,942	-	29,942

As at March 31, 2020

Particulars	Estimated gross Carrying amount at default	Expected credit losses	Amount in Rs.
			Carrying amount net of impairment provision
Cash and cash equivalents	30,591	-	30,591
	30,591	-	30,591

b. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

Maturities of financial liabilities

The tables below analyze the company's financial liabilities into relevant maturity groupings based on their contractual maturities:

Contractual maturities of financial liabilities as at	Total Carrying Value	on due within 1 Year	Over 1 Year within 3 Years	Amount in Rs.
				Over 3 Year within 5 Years
Borrowings	10,685,000	10,685,000	-	-
Other financial liabilities	99,650	99,650	-	-
	10,784,650	10,784,650	-	-

Contractual maturities of financial liabilities as at	Total Carrying Value	on due within 1 Year	Over 1 Year within 3 Years	Amount in Rs.
				Over 3 Year within 5 Years
Borrowings	10,685,000	10,685,000	-	-
Other financial liabilities	72,818	72,818	-	-
	10,757,818	10,757,818	-	-

c. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates and commodity prices) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities.

Foreign exchange risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company does not have any international transactions therefore exposure to foreign exchange risk does not arise from foreign currency transactions.

Interest rate risk

The Company's interest free borrowings from related parties are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Capital management

The capital structure of the Company consists of equity, debt, cash and cash equivalents. The Company's objective for capital management is to maintain the capital structure which will support the Company's strategy to maximize shareholder's value, safeguarding the business continuity and help in supporting the growth of the Company.

20 In the opinion of the management, the realisable value of current assets in the ordinary course of business will not be less than their value stated in the Balance Sheet.

21 Figures and words in brackets relate to the previous year unless otherwise indicated.

22 Previous years figures have been regrouped or recast, wherever necessary, in order to confirm to this year's presentation.

The accompanying notes are an integral part of the financial statements.
As per our report of even date attached.
